

Information sheet for pharmaceutical students about the final exam

Preparing for the exam

Questions helping your preparations for the written final exam can be found on www.zarovizsga.hu (www.finalexam.eu). All questions are accompanied with solutions. The final exam consists of the same or similar questions. You have to register on the website. You can also take a trial exams on this page. You can choose among three types of trial exams:

Short exam from 3 chapters

This type includes 50 questions, and the available time is 45 minutes.

Long exam from 3 chapters

This type includes 200 questions and the available time is 180 minutes.

Long trial exam, theme ratio like on the final exam

It includes 200 questions, and the available time is 180 minutes.

Questions in the test database may be commented until the 45th day before each exam, that is April 17, July 9, and September 3, 2022.

The editing and maintenance of the question bank will be completed 30 days before the exams (May 2, July 24, September 18, 2022). The questions will then remain unchanged until the next exam.

Final exams

The final exam dates in 2022 at the faculty of pharmacy:

June 1st, August 23rd, October 18th

The duration of the exam: 180 minutes, from 10.30 to 13.30 pm

The number of the questions: 200

The Final Exam Committee for the Medicine and Pharmacy uses a computerised system to edit and correct test papers. Before the examination, you will receive an exam package containing an information sheet, a data sheet, a two-page answer sheet and an exam booklet.

Although everyone will receive the same questions, there may be several different task sheets with differently ordered tasks and possible answers. On the answer sheet, please clearly mark with an X with a blue pen the letter of the answer which you consider to be the most appropriate. Sections left blank or multiple markings will be regarded as errors. If you have not chosen the right solution, shade the incorrect one and mark clearly the correct one with an X.

Unofficial examination results can be viewed on the Final Examination Board's webpage at www.zarovizsga.hu (www.finalexam.eu) for five days after correction, from 12.00 on the day following the examination at the latest. The results and the correction can be accessed by entering the *identification code* and *password* indicated at the bottom of the *information sheet*. This way every examinee can check where he/she made a mistake, which questions he/she answered correctly and whether correction was fair.

The examinee may raise any complaints regarding the correction of the questions to the Board until 4 p.m. on the day following the examination. They can do this on www.zarovizsga.hu (www.finalexam.eu) by using the login name and password they have given during the exam.

Insofar objections are accepted, examination results may change. Only after this procedure examination results will become final.

Good luck on your examination!
